Received your letter and Coins yesterday am pleased with what you bought for me except #519 which I do not like as it does not seem to me to be up to the mark for a uncir Coin the Reverse is fine enough but the Obverse is very poor and I would rather not keep it. I will keep #1200 in place of it.

Why do you call 956 Strasburg I see no sign of Strasburg on it. I Suppose you have no fine 1794 dollar yet or any fine 1796 or 1797 half dollars than you sent me some time ago let me hear from you when you do, also please do not forget to send me the priced Catalogue of the Sale and much oblige

Gentlemen

your kind letter of the 15 received, and I thank you for answering my questions. The reason I do not want the 1796 & 1797 half dollars are that yours are not enough better than the ones that I now have and unless I can get some that are a good deal better than mine are I do not care to invest and I do not think you can blame me either. I will think over the C. S. A. 879 Coin and thank you for your kindness in allowing me to return it. you will not lose any thing by it in the long run. When you get any thing good in U. S. Silver Coins please let me know. I see by the priced Cat that bidders away from an auction do not stand a real good show. I see by my bids & both Low. You that two & five cent more than

my bird got the coins in a good many cases
Of course I suppose that is not your fault
I will remit some time next week

Mr Chapman of 1348 Pine St

I am really very sorry that things between us are as they are and yet I can not think that I am one bit to blame I always did like to buy a great deal rather of you than of your brother. When I bought the proof sets of you and wrote you about several not being right especially the 1855 half dollar which had a bad scratch on the obverse you said you would make it right and replace it. but when I came to Phila he did not want to do it and so it was with other things but I never had any trouble with you and do not have any trouble with any other firm I deal with about the $4.00 price I do not want

& be mean about it and yet I feel as I told you when I was in Phil that I do not like to lose it and it would make me feel bad to do so. I am sorry to be that way but I can not help it. I would like to please you and will study the matter over further I can not do any more. I shall drop the question about the Shekel at present

I enclose Statement of our acct and will send you Check right after the first of Aug as I expect some Interest money in then I also send back bal of Coins which I hope you will receive OK as I checked them three times. Enclosed also you will find a few bids for your Sale of the 22nd " and also forty Cents in Stamps for which please send me the priced Catalogue after the Sale Yours Resp.

Mr Chaperan

Dear Sir

your letter received and in answer will say who ever made out the bill of June 20 Know # 47 was not put in with the other Coins for it was Scratched off the bill right across the name of the Coin like this _____ I missed # 47 and on Looking on the bill, and seeing it Scratched I did not say any thing about it & you thinking you did not want to send it and so also Scratched it off the bill. If such had not been the case I should have notified you at once as I am very Carefull when I get a bill of Coin & Check them and see that they are all there and in returning them I check them be a two or three times always. I want to say one more you never put in # 47

I do not like these mistakes to occur
and I know on investigation you will find
I am right hoping to hear from you at
once I am yours Resp
